SAFETY DATA SHEET

1. IDENTIFICATION

Product Name: LabExact® Cotton Cloth IPA 70% Wipes (Non-Sterile)
Catalog Number: IWT-IPA70-CW66
Material uses: Wipes (presaturated)
Material restrictions: n/a

Manufacturer / Supplier information:
Company Name: I.W. Tremont Co., Inc.
Address: 18 Utter Avenue
Hawthorne, New Jersey 07506 USA
Telephone: (Tel) 973-427-3800
Emergency Phone Number (24H): INFOTRAC (USA & Canada) 1-800-535-5053

2. HAZARD IDENTIFICATION

Classification of the substance(s) or mixture(s)
Flammable Liquid: Category 2
Specific target organ toxicity single exposure: Category 3

Label Element: 
Signal Word: Warning
Causes skin and eye irritation.
Flammable liquid and vapor.
Hazard Statement(s): May cause drowsiness or dizziness.
May cause respiratory irritation.

Precautionary Statement(s)
Prevention: Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
Keep container tightly closed. Ground/bond container and receiving equipment.
Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray.
IF ON SKIN (or hair): Remove/ Take off immediately all contaminated clothing. Rinse skin with water/ shower. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/ physician if you feel unwell. In case of fire: Use dry sand, dry chemical or alcohol-resistant foam for extinction.
Storage: Dispose of contents/container in accordance with local/regional/national/international regulations.

3. COMPOSITION / INFORMATION ON INGREDIENTS

<table>

4. FIRST-AID MEASURES

Inhalation: Remove to fresh air, keep patient warm and at rest. Seek medical attention if effects persist.
Skin Contact: No first aid should be needed. Take off immediately all contaminated clothing. Rinse skin with water/shower. Get medical attention if irritation develops and persists.
Eye Contact: Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart. Seek medical attention if symptoms persist.
Ingestion: Do not induce vomiting. Rinse mouth with water. Contact the poison control center or a physician immediately for instructions.
Symptoms and effects, acute and delayed: May cause drowsiness and dizziness. Headache. Nausea, vomiting. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.
Recommendations for immediate medical care or special treatment needed: Provide general supportive measures and treat symptomatically. Thermal burns: Flush with water immediately. While flushing, remove clothes which do not adhere to affected area. Call an ambulance. Continue flushing during transport to hospital. Keep victim under observation. Symptoms may be delayed.
General information: In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

5. FIREFIGHTING MEASURES

Extinguishing Media: Use water spray, dry powder or carbon dioxide as the extinguishing media.
Unsuitable extinguishing media: Do not use water jet as an extinguisher, as this will spread the fire.
Special hazards arising from the substance or mixture: Hazardous decomposition: Oxides of Carbon Keep away from heat / sparks / open flames / hot surfaces - No smoking. Avoid breathing dust / fume / gas / mist / vapors / spray.
Special protective equipment and precautions for fire fighting: Wear self-contained breathing apparatus and protective clothing. Do not release runoff from fire control methods to sewers or waterways.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures: Put on appropriate personal protective equipment (see section 8). Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
Environmental precautions: Do not allow spills to enter drains or waterways.
Methods and material for containment & cleaning up: Mop or wipe up small spills. Ventilate area. Remove all sources of heat and ignition. Place broken sachets in a sealed, labelled container for disposal.

7. HANDLING AND STORAGE

Precautions for safe handling: Keep original product packaging. Store in a well-ventilated cool and dry place. Keep away from open flames. For external use only.
Avoid eye contact. Individual Single use only.

Conditions for safe storage, including any incompatibilities:
- Incompatible materials: Strong oxidizing agents
- Store in a cool (≤ 30°C), dry, well-ventilated area away from strong oxidizing agents, sources of heat, sparks, and open flames.

Exposure controls

Respiratory Protection: None required for normal use.
- Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Hand Protection: Wear appropriate chemical resistant gloves.

Eye Protection: None required for normal use.

Skin Protection: None required for normal use.

General Hygiene: Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Appearance: Cotton woven pad, impregnated with 70% Isopropyl Alcohol
10. STABILITY AND REACTIVITY

Reactivity: The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability: Material is stable under normal conditions.
Possibility of hazardous reactions: Hazardous polymerization does not occur.
Conditions to avoid: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials.
Hazardous decomposition products: May include oxides of carbon.

11. TOXICOLOGICAL INFORMATION
Information on likely routes of exposure

Inhalation: May cause drowsiness and dizziness. Headache. Nausea, vomiting. Prolonged inhalation may be harmful.

Skin contact: No adverse effects due to skin contact are expected.

Eye contact: Causes serious eye irritation.

Ingestion: Causes serious eye irritation.

Symptoms related to the physical, chemical and toxicological characteristics: May cause drowsiness and dizziness. Headache. Nausea, vomiting. Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

Skin corrosion/irritation: Prolonged skin contact may cause temporary irritation.

Serious eye damage/eye irritation: Causes serious eye irritation.

Respiratory or skin sensitization: Not a respiratory sensitizer.
Skin sensitization: This product is not expected to cause skin sensitization.

Germ cell mutagenicity: No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

Carcinogenicity: Not classifiable as to carcinogenicity to humans.

IARC Monographs. Overall Evaluation of Carcinogenicity

Not listed.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)

Not regulated.

US. National Toxicology Program (NTP) Report on Carcinogens

Not listed.

Reproductive toxicity: This product is not expected to cause reproductive or developmental effects.

Specific target organ toxicity - single exposure

May cause drowsiness and dizziness.

Specific target organ toxicity - repeated exposure

Not classified.

Aspiration hazard: Not an aspiration hazard.

Chronic effects: Prolonged inhalation may be harmful.

12. ECOLOGICAL INFORMATION

Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

</table>

| ISOPROPYL ALCOHOL, 70% v/v, in WATER. | Aquatic Fish | LC50 |
| | Bluegill (Lepomis macrochirus) | > 1400 mg/l, 96 hours |

Persistence and degradability

No data is available on the degradability of any ingredients in the mixture.

Bioaccumulative potential

No data available.

Partition coefficient n-octanol / water (log Kow)

| ISOPROPYL ALCOHOL | 0.05 |

Mobility in soil

No data available.

Other adverse effects

The product contains volatile organic compounds which have a photochemical ozone creation potential.

13. DISPOSAL CONSIDERATIONS

Disposal instructions

Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Incinerate the material under controlled conditions in an approved incinerator. Do not incinerate sealed containers. If discarded, this product is considered a RCRA ignitable waste, D001. Dispose of contents/container in accordance with local / regional / national / international regulations.

Local disposal regulations

Dispose in accordance with all applicable regulations.
Hazardous waste code : D001: Waste Flammable material with a flash point <140 F. The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products : Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

Contaminated packaging : Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

15. REGULATORY INFORMATION

US federal regulations : This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard,

Toxic Substances Control Act (TSCA):

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
Not regulated.

F - Highly flammable

CERCLA Hazardous Substance List (40 CFR 302.4)
Not listed.

SARA 304 Emergency release notification
Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)
Not regulated.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

SARA 302 Extremely hazardous substance
Not listed.

SARA 311/312
Hazardous chemical
Yes

Classified hazard categories
- Flammable (gases, aerosols, liquids, or solids)
- Serious eye damage or eye irritation
- Specific target organ toxicity (single or repeated exposure)
- Hazard not otherwise classified (HNOC)

SARA 313 (TRI reporting)
Not regulated.

Other federal regulations

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List
Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)
Not regulated.

Safe Drinking Water Act (SDWA) Not regulated.

FEMA Priority Substances Respiratory Health and Safety in the Flavor Manufacturing Workplace
ISOPROPYL ALCOHOL (CAS 67-63-0) Low priority

US state regulations

California Proposition 65
California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins. For more information go to www.P65Warnings.ca.gov.

US. California. Candidate Chemicals List. Safer Consumer Products Regulations (Cal. Code Regs, tit. 22, 69502.3, subd. (a))
